

BUCKET COLLECTORS

If you would like to help Cat Rescue, we need volunteers to Bucket Collect. Due to massive vet bills & growing cat food bills we need your help to raise money. even if its only for a couple of hours, every bit counts. For more info contact Julia or Ruth 🐱

DID YOU KNOW?

- * Cats dream! When cats fall into a deep relaxed sleep they produce the same brain wave patterns that we do!
- * Adult cats only meow to communicate with humans!

READY FOR ADOPTION

This beautiful kitten Mr Kitty is ready to go to a loving home. Mr Kitty would be ok with older kids, not dogs, and he also gets a bit lonely, so a home with another friendly cat would be perfect for him. He's so gorgeous! NZ residents only. Contact Ave Migias via our Facebook Page or call 027 228 6583

HAVE YOU HEARD OF FELIWAY?

This special scent (odourless to people and other animals) that Feliway utilises is a replication of the pheromone that cats leave naturally when they are feeling comfortable in their environment. Every time a cat rubs its nose against objects in the home, it leaves behind this pheromone to mark its territory.

Even small changes in your home can upset your cat and prevent them from leaving this pheromone, which in turn makes them feel less secure, and increases their stress.

Activities such as redecorating, moving the furniture, having guests, going to the cattery and moving home will remove these natural pheromones for your cat, causing it stress.

Your cat may also be affected by any change in your home organisation and schedule: new family member as a baby or a new partner, new job making you more absent from the home, etc. Cats are very sensitive to routine and stable environment. Stress can lead to unhappy behaviour such as less interaction with you, hiding away, general mischief or even scratching or spraying.

Using Feliway will help maintain the scent that gives your cat the feeling of peace and calm and reduce the stress that your cat experiences, creating a home where you and your cat will always be 'happy together'.
