## Our kitty of the month - Tiffany

Tiffany was an abandoned cat that came into the care of Queenstown Cat Rescue a month ago. She was very underweight, her coat along her spine was matted and her front fang tooth was snapped off at the end causing severe nerve pain whenever she attempted to eat. Tiffany has now had thyroid surgery which has been a huge success. She has had her damaged tooth extracted & she recovered well. She has been groomed and had the matts shaved off along her spine, making her walk with ease now. Tiffany is very affectionate despite being left outside to survive in Queenstown's freezing cold temperatures. And our brave little Tiffany has now been adopted into her new home by Jan in Frankton. Jan told us that Tiffany had settled in so well after only a couple of days - sleeping on her bed, and making herself at home in front of the fire place. Jan is thrilled with Tiffany & enjoys having her as company. A massive thank you to Sarah Powell for all of her care, patience & time that she has put in to caring for Tiffany. A big thank you to Remarkable Vets for treating her. And lastly a huge thank you to all of you who donated toward Tiffany's treatment and surgery - we are extremely grateful. Also thank you Tiffany Menzies for contacting us to let us know about this poor little cat being abandoned. You now know where she got her name from : )
